

REMARKS

Applicants herein amend the specification to indicate all prior applications to which the present application claims the benefit of the filing date, and to which the present application claims priority. It is respectfully submitted that entry of the foregoing amendments to the specification would not require any substantial amount of additional work on the part of the Patent & Trademark Office, and are merely submitted for the purpose of confirming compliance with formal matters in the specification.

The domestic and foreign priority were recognized by the Patent & Trademark Office by their inclusion on the filing receipt mailed February 12, 2002. It is therefore respectfully submitted that no petition or surcharge is necessary in connection with the requested amendments to the specification. MPEP 201.11 III.D. An Application Data Sheet is also submitted herewith.
